

**RESOLUTION**

**on career blockages**

The Staff Union of the ILO, convened in an Extraordinary General Meeting on 19 May 1982,

**RECALLING** the “Resolution on career perspectives and performance grade” adopted by the Extraordinary General Meeting of 16 October 1980,

**DEEPLY CONCERNED** about the fact that for a long time a majority of colleagues, particularly in the General Service category, are blocked at the top of their grade for lack of a true career policy,

**RECALLING** that, in the absence of an agreement, negotiations on this matter have been interrupted,

**INSTRUCTS** the Staff Union Committee:

1. to ask the Director-General that negotiations on this matter be immediately resumed;
2. to take all appropriate measures toward early achievement of a concrete solution, in particular automatic advancement between grades, according to criteria to be defined;
3. to keep the staff informed on the resumption of negotiations and on their progress.
