ANNUAL GENERAL MEETING

SECOND SESSION

9 October 2025

RESOLUTION

Draft Resolution to give a mandate of full authority to the Staff Union Committee

In view of the current critical situation at the ILO,

In the absence of a concrete will of consultation/negotiation on the part of the ILO Administration with the staff union committee,

With a view to safeguarding the legitimate interests of the ILO staff in all categories, and protect the ILO from being dismantled,

The General Assembly hereby **resolves**:

- To grant a mandate of full authority to the Staff Union Committee to undertake all necessary actions, including negotiations, work-to-rule, strike, support and coordination of legal recourse;
- To transmit this resolution to the ILO Administration and to the members of the Governing Body;
- To take additional measures to examine the legal validity of the ILO Administration's decision and, if necessary, to adopt an appropriate and robust legal strategy;
- To demand that members of the Governing Body instruct the Office to respect, in the reform process, the fundamental principles of the ILO, particularly the principle of collective bargaining.
